Don't trust fire, lightning, cyclones and live stock insurance.

Nowhere in the history of American tariff making has so thoroughly demonstrated the fallacy of the high protection principle as the testimony of the Lawrence, Mass., mill strikers. In the same room where Carnegie and Schwab told how they had juggled millions, the Rules Committee of the House heard fathers, mothers and children tell how whole families were forced to live on \$5 and \$6 a week paid by the highly protected Woolen Trust. The witnesses told how they were forced to work ten hours a day; how they had to use "a sort of molasses" as a substitute for butter; how children had to go into the mills at an early age in order to keep the family from actual starvation, and how the constant demand of the mill owners was for more and more speed and less and less pay. In the committee room sat some of the mill children, fresh from the mills, and a mere glance at them told more than spoken or written volumes could tell. All had pinched faces. All were poorly dressed, some of them having only a cheap sweater in lieu of a coat and overcoat. Most of them had dull, expressionless faces, in which there was no trace of color or animation. All of them, moreover, were more or less deaf, because of their work amid the fearful clatter of mill machinery, so that at times the committee members almost had to shout to make themselves heard. All the children looked worn and old, as though they had been reared up beyond the limit of endurance. These children revealed, as nothing else could reveal, that both the American people are being cheated by Schedule "K." They stood as living proof that the manufacturers, after once getting the privilege of levying a heavy tax on woolen goods, are not willing to divide their enormous profits with the workers in the woolen industry. Under Schedule "K" the people are being tariff-taxed for the sole benefit of a few millionaire woolen trust magnates, and not for the benefit of the workers in the woolen industry. Now that you know the truth, Mr. and Mrs. Reader, what are you going to do about it? If you do not know just what action to take to make your feeling in the matter effective, here is a suggestion: You can vote and work against the party that framed Schedule "K," and for the party that stands pledged to reduce the tariff on woolens almost one-half.

The greatest importance of the Democratic program providing for the abolition of a tax on income in excess of \$5,000 is that it breaks away from the tradition that the government's income must of necessity be derived wholly from the things the people eat, wear or use, a tradition which has been responsible for the burden of Federal taxation, and a tradition which has been responsible for so many tariff outrages through so many years. Regardless of whether the bill is voted by President Taft, there is little question that the Democrats have opened the way for enactment when another man is in the White House.

ROOSEVELT has followed his hat all right, but it is not certain whether he has put his head or foot in it.—New York World.

WATCH YOUR HAIR, LADIES

Eternal Vigilance is the Price of Luxuriant and Radiant Hair.

If dandruff germs are devouring the nourishment that belongs to the hair, it will soon begin to fall. Furthermore it will lose its life and lustre and will become dull, faded and even look slovenly.

If you have any signs of dandruff you ought to go right to your druggist today and get a bottle of PARISIAN SAGE. This delightful and refreshing hair tonic is guaranteed by B. I. Middleton, druggist, to kill dandruff germs, clean the scalp, to kill dandruff, stop falling hair and itching scalp or money back. And it does just what it is guaranteed to do and that's why its sales are so enormous the country over. PARISIAN SAGE is the favorite of refined women. One bottle proves its superiority.

TO BREAK UP COLD

Some Advice That Will Save Time and Money

Strong drinks and quinine may relieve a cold, but it usually does more harm than good.

To break up a hard cold in either head or chest thousands are using this sensible treatment.

First of all think after your bowels; if they need attention use any reliable cathartic. Then pour a scant teaspoonful of HYOMEI into a bowl of boiling water, cover head and bowl with a towel and breathe for 5 or 10 minutes the pleasant, soothing, healing vapor.

Do this just before going to bed; your head will feel fine and clear and you'll awake from a refreshing sleep minus a cold in the morning.

For colds, coughs, catarrh, asthma and croup HYOMEI is guaranteed. A fifty cent bottle is all you need to break up a cold and this can be obtained at Middleton's drug store and druggists everywhere.

The Weasel Word.

Col. Roosevelt says the word "but" is a weasel word, one which takes the vitality out of the sentiment which precedes it, and the Colonel is right. The word "but" should be eliminated from the English language. Here are a few reasons why it should:

"He is a fine, handsome, energetic, capable, good-hearted man, BUT, it is a pity he drinks."

"It was a very fine party and they lavished a lot of money on it; the costumes were magnificent and the music was perfect, BUT, it is whispered, they are terribly in debt and couldn't afford it."

"She is a handsome woman, BUT she laces awfully."

"He is a very successful business man and a good church member, BUT, they say, 'he treats his wife something fierce.'"

"The presents were numerous and costly, BUT all the guests are kicking because they had to send them."

Children are much more likely to contract the contagious disease when they have colds. Whooping cough, diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. For the quick cure of colds you will find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all dealers. m-lm 24-41

Democrats

You want Good County Government, don't you? The only way to get it is to elect Good Officers. It is your duty to yourselves as taxpayers to know positively which one of the candidates for the nomination for County Attorney will give the best service for the money paid him. It is a business proposition strictly—not a matter of sentiment, friendship or close acquaintance. You want a lawyer that has had the proper training and experience and who is honest and energetic. Which Candidate's Record Is THE BEST?

If that of any other is better than mine vote for him. If mine is best vote for me and I will appreciate it. J. J. GREENLEAF.
